MITIGATE RISK IN THIRD-PARTY PRIVACY, SECURITY, AND COMPLIANCE**

***HITRUST Certification validates ProPeer Resources, LLC is committed to meeting key
regulations and protecting sensitive information.***

NEW BRAUNFELS, Texas, April 1, 2020 – ProPeer Resources, LLC a leading provider of independent reviews, today announced their physical and virtual servers, desktop computers, and network infrastructure used to support independent medical peer review services has earned Certified status for information security by HITRUST®.

HITRUST CSF Certified status demonstrates that the organization’s physical and virtual servers, desktop computers, and network infrastructure used to support independent medical peer review services has met key regulations and industry-defined requirements and is appropriately managing risk. This achievement places ProPeer Resources in an elite group of organizations worldwide that have earned this certification. By including federal and state regulations, standards, and frameworks, and incorporating a risk-based approach, the HITRUST CSF helps organizations address these challenges through a comprehensive and flexible framework of prescriptive and scalable security controls.

“For over 25 years, ProPeer has continually been on the forefront of the evolution and advancement of the Independent Review industry nationwide,” said Ed Bolton, CEO of ProPeer Resources. “Achievement of HITRUST CSF Certification reaffirms ProPeer as a progressive industry leader and demonstrates our organization’s commitment to secure and compliant innovation for our client base and the Independent Review industry.”

“HITRUST is helping organizations ensure that the highest standards of information protection requirements are met when sensitive data is accessed or stored,” stated Jeremy Huval, Chief Compliance Officer, HITRUST. “ProPeer Resources can be recognized as an organization that can be counted on for keeping information safe.”
